Ordinance 624- False Alarm Ordinance – Introduced Bray and 2nd Reading

Ordinance 624- False Alarm Ordinance was given its second reading.

**ORDINANCE 624
VILLAGE OF ELKHART LAKE
SHEBOYGAN COUNTY, WISCONSIN**

CREATING A FALSE ALARM ORDINANCE

WHEREAS, it has come to the attention of the Joint Emergency Response Committee and the Board of Trustees of the Village of Elkhart Lake that there needs to be a false alarm ordinance; and

WHEREAS, since the Joint Emergency Response Committee reviewed the ordinance and recommended passing by both Boards; and

NOW THEREFORE, BE IT RESOLVED, that the Board of Trustees of the Village of Elkhart Lake creates section 11.05 to read as follows:

11.05 ALARM SYSTEMS

1. - Intent

The intent of this chapter is to regulate alarm systems, as defined in this chapter, in the Village of Elkhart Lake, and to prevent carelessness, improper maintenance, and/or other acts of omissions which cause or result in false police and/or fire and/or emergency medical services (EMS) alarms, from privately owned, commercially owned, leased or contract alarm systems. Such false alarms initiate police, EMS, and/or fire personnel and

equipment responses, cause or result in unnecessary expense to the Village, increase the risk of damage or injury to persons, and dilute the level of police, emergency medical, and fire protection services available to other areas of the Village.

2. Definitions

The following words, terms and phrases, when used in this article, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

A. Security alarm system- any mechanical, electrical, or radio-controlled device or system, including, but not limited to summon, or would reasonably be expected to summon, police, fire or EMS services of the Village of Elkhart Lake. Alarm System does not include:

1. An alarm installed on a vehicle, unless the vehicle is permanently mounted at a site.
2. An alarm designed to alert only the inhabitants of a premise.

B. False Alarm—any transmission from an alarm system resulting in a response by police, fire or EMS personnel to the premises on which the system is located, where an emergency situation does not exist.

3. Police, Fire, EMS Alarm Responses

1. Each time the Village of Elkhart Lake Police Department, Fire Department, or First Responders respond to a false alarm arising from an intrusion alarm and/or fire and/or emergency medical alarm, the Village Clerk's Office should be notified to determine what, if any, service charge is applicable.

2. A service charge for excessive alarms shall be charged for false alarms in a 12-month period (January-December of the same year) as follows:

- a. No service charge shall be charged for the first alarm occurring within a calendar year.
- b. 2nd occurrence shall result in a service fee of \$100
- c. 3rd occurrence shall result in a service fee of \$175
- d. 4th occurrence shall result in a service fee of \$200
- e. 5th and subsequent occurrences shall result in a service fee of \$400 per occurrence.

3. No service fee shall be assessed if the false alarm is:

- a. Caused by an electrical storm, tornado, or other act of God where there is clear evidence of physical damage to the alarm system or structure.
- b. At a location where the Village of Elkhart Lake has installed an alarm.
- c. Caused by electrical power disruption or failure in excess of two (2) hours beyond the control of the alarm site.
- d. At the Elkhart Lake-Glenbeulah School District where a school employee responds, and no off-site emergency vehicles are requested.

4. All false alarm service fees shall be charged against the property owner and are due and payable within 30 days from the date of invoice. Invoices shall be sent by the Village. Any fees payable to the Village of Elkhart Lake which are delinquent may be assessed against

the property involved as a special charge for current services, without notice, pursuant to Wis. Stats. 66.60(16).

4. Severability

If any provision of this ordinance or its application to any person or circumstance is held invalid, the invalidity does not affect other provisions or applications of this ordinance that can be given effect without the invalid provision or application, and to this end the provisions of this ordinance are severable.

5. Liability Disclaimer

The Village of Elkhart Lake shall be under no duty or obligation to a subscriber or to any other person concerning any provision of this chapter, including, but not limited to, any defects in an alarm system or any delays in transmission or response to any alarm; however, this in no way shall be construed that it is not the proper function of the fire, emergency medical service, or police department to respond to alarms.

BE IT RESOLVED, that this ordinance will become effective upon its publication and posting.
